Bonds of the newly elected officials were presented and approved as follows:

T. F. Desmond, as police guard, with D. L. Desmond and F. Devine sureties.

Mrs. Alice Payne, as Matron of Alms House, with W. W. Ball and John W. Bouldin sureties.

R. P. D. Thompson as policeman, with D. Hechinger and J. A. Reed sureties.

Bruce Easton as policeman, with Geo. C. Easton, Frank Diesterich, A. D. Cole and Harry Taylor sureties.

George Politt as policeman, with John Duley, J. E. Parker, P. P. Parker and J. L. Caldwell sureties.

Thomas H. Senteney as policeman, with Moss Daulton, Henry Gable, Joseph H. Gable, Peter Gable, J. Wesley Lee and James S. Redmond sureties.

Fred E. Holtz was granted license to conduct a saloon on east side of Market, between Front and Second.

Dr. H. K. Adamson presented a bill for \$250 for professional services in smallpox cases from Dec. 7th to date. It was re-

ferred to the Board of Health and the Claims and Accounts Committee.

A deed was read from Mrs. Emi Tolle Hunter and Geo. T. Hunter conveying to the city a strip of ground thirty-two feet wide on the west side of their property on East Third street and extending through to Second, to be used as a street. The law requires that a plat accompany such dedication showing the ground and adjacent property, and on motion it was ordered that the conveyance was accepted on the grantors' compliance as to plat, &c.

The Ways and Means Committee reported the payment of \$6,000 railroad bonds and \$4,000 emergency bonds with coupons of \$90.55. The cancelled bonds and coupons were presented, found correct and destroyed in presence of Council.

The Committee on Claims and Accounts reported on certain claims referred to them. The committee allowed the claim of the Citizens' Gas Light Company of \$420 for arc light overlooked at Huston street, also the claim of Judge A. M. J. Cochran, E. L. Worthington and L. W. Galbraith \$500 for attorney fees, and T. M. Wood \$132 for extra services as City Attorney. The report was received and orders drawn for the claims allowed.

City Attorney Wood presented a statement showing in detail list of suits prosecuted against the city and by the city since he entered upon his duties. Suits for damages amounting to a total \$41,214 had been filed against the city, and amounting to \$4,363 by the city. As a result of these suits judgments amounting to a total of \$2,944 \$5 have been obtained against the city, and the city has recovered judgments for \$3,556.50. The total attorneys fees paid in these cases amount to \$1,085. Mr. Wood stated that if the Council would order the Layton judgment of \$200 paid the city would have a clean record in the Circuit Court. On motion an order for the amount was drawn.

C. M. Phister was granted Wharfmaster's license.

On motion of Mr. Keith the order requiring the Chief of Police to make monthly reports of the number of arrests by the police was rescinded.

The Ways and Means Committee was authorized to use money on hand towards paying off the outstanding emergency bonds.

Mr. Dersch reported he had frequently noticed public lights in the First ward not burning at night. Mr. Stallcup stated that the police have orders to report such cases with time the lights are out, and that the gas company deducts amount of loss from its account monthly. This reduction amounted to \$50 for December and \$80 in November.

The question of having a brick pavement on east side of Poplar street from Forest avenue to Second was referred to committee.

The Internal Improvement Committee was ordered to repair a pavement on East Fourth street at expense of the owner of the property.

A brick crossing was ordered down on Second at east side of Lexington.

Frank L. Perley Presents "When Knighthood Was in Flower."

The name of Frank L. Perley has become to the theatrical patronage of America synonymous with some of the most notable productions ever presented. His name is linked with the tours of such famed artists as Fanny Davenport, Agnes Booth, Mrs. John Drew, Cora Tanner, Madame Modjeska, J. H. Stoddart, William Collier and a host of others. He directed the first tour of "The Famous Original Bostonians." He took Alice Neilson from the chorus of the Bostonians and from obscurity brought her into fame, and in "The Alice Neilson Opera Company" gave both America and England the finest operatic organization seen in twenty years. Last season he produced the musical comedy hit of the season, "The Chaparons," at the New York Theatre. Therefore the announcement that Frank L. Perley will present that artiste, Effie Ellsler, at the Washington Opera House Monday, Jan. 7th, in Julia Marlow's original complete New York Criterion Theatre production of "When Knighthood Was in Flower," is a guarantee that the production will be the scenic and artistic feast of our local theatrical season. Seats are on sale at Nelson's.

Pierre, S. D., Jan. 5.—Nearly all the members of the general assembly have arrived in the city and the work of organization of the two houses is going on. The speakership of the house is about the only thing that is settled, J. R. Browne of Brown county being conceded the election. The matter of removing the capital from Pierre is receiving the attention of the two branches, and Mitchell and Huron are strong candidates should removal be decided upon.

CUBAN TRADE TREATY

Confidence Expressed at Washington That It Will Be Ratified.

SENATORS SEE THE PRESIDENT.

Status of the Instrument Discussed at Informal Conferences—Beet Sugar Men Withdraw Their Opposition.

Washington, Jan. 5.—Senator Cullom, chairman of the committee on foreign relations, had an extended conference with the president concerning the Cuban reciprocity treaty. It is his purpose to have a meeting of the committee on Wednesday to consider the treaty. He hopes that it may be reported from the committee to the senate either the latter part of this week or first of next, and as soon as possible afterward he will move for its consideration by the senate. Senator Cullom believes that while some opposition to the treaty has developed it will be ratified.

Later Senators Aldrich of Rhode Island and Foraker of Ohio had interviews with the president, during which the status of the Cuban treaty was discussed briefly. Both senators are confident that the treaty will be ratified.

President Roosevelt's confidence in the success of the treaty has not been shaken in the least by the rumors of opposition. In fact, during the past few days, he has received assurances from some of the senators who last spring opposed the Cuban legislation that they would support the treaty. It is understood also that many of the beet sugar men have withdrawn their opposition to the ratification of the treaty. This action they have indicated to the president and to senators who stood with them last spring in the fight against the proposed Cuban legislation.

It is pointed out by administration senators that there is no likelihood, as previously suggested, that, in the event of the extension to Cuba of tariff concessions, Germany, France or other European nations will ask for similar advantages under the favored nation clause. They might request that similar concessions be granted to them, it is said, but they could not ask for or demand them as a matter of right. Their request would be a subject for consideration and negotiation.

Strychnine in Whisky.

Colorado Springs, Colo., Jan. 5.—Mrs. J. E. Bailey, wife of a coachman of George M. Kilborne, was declared to be out of danger from strychnine poisoning taken into her system by drinking from a whisky bottle from which her husband had drunk. He died in agony. The case promises to develop one of the greatest murder mysteries in the history of the Pike's Peak region. Mrs. Bailey since her recovery tells a story that indicates that some one deliberately poisoned her husband by means of a bottle of whisky given him as a New Year's present.

New Submarine Boat.

San Francisco, Jan. 5.—The Pike, the second of the Holland submarine torpedo boats to be built on this coast for the government will be launched from the Union iron works on Jan. 14. Within a month after the launching, from present indications, the Pike will be ready for her surface trial on the bay. The submarine test of the Grampus, first of the Holland boats built here, and which had her surface test some weeks ago, is expected to take place as soon as a picked crew of experts arrive from the east.

Against the Pugs.

Indianapolis, Jan. 5.—Governor Durbin has notified the city officials of Muncie that prize fights in the guise of boxing exhibitions will not be tolerated. The Muncie Athletic club has advertised a bout for Jan. 14. One of the posters came to the governor's notice and he called in some of the officials and told them there should be no prize fighting. The metropolitan police board of Muncie has its orders to that effect. It is reported the club may ignore the governor's orders.

RULED A BOUNTY.

Money Paid by the Russian Government on Exported Sugar.

Washington, Jan. 5.—In an opinion handed down by Justice Brown the United States supreme court decides in the Downs case that the money paid by the Russian government on sugar exported is a bounty, and that the collector of customs at Baltimore was justified in levying a countervailing duty on Russian sugar under the terms of the Dingley law.

RURAL FREE DELIVERY.

Seventy-eight New Routes to Be Added in Kentucky in the Next Ninety Days.

[Louisville Herald.]

WASHINGTON, Jan. 2.—Between this time and April 1 the offices of between seventy-five and eighty-five fourth-class postmasters in Kentucky will be abolished, and the same number of star routes abandoned. Within the same period seventy-eight new rural free delivery routes will be established in the Blue Grass State. Twelve of these new routes will be put into operation on February 1, thirty-three on March 1 and thirty-three on April 1. There will be appointed for each route one carrier and one substitute carrier, making a total of 156 appointments, within the next three months. The salary of each carrier will be \$600 a year.

Not since the rural free delivery system has been in operation has the Post-office Department given so much consideration at one time to the postal needs of rural sections of Kentucky as they will receive during the next ninety days.

It was estimated by Superintendent Machen, of the free delivery division, this afternoon, that between 50,000 and 60,000 farmers and rural residents will receive the benefits of free delivery through the operation of the seventy-eight routes in question, and that an area of between 2,000 and 2,500 square miles will be covered.

On January 1, of this year, 113 rural routes were in operation in Kentucky, and therefore this number will be increased to 191 by April 1, and the aggregate population benefited will be about 140,000. On an average about one fourth-class postoffice is abolished for every new rural route that is established, and one star route is abandoned at the same time.

Altogether 324 petitions for rural free delivery have been filed with the Post-office Department, and of these, as indicated before, 191 have already been, or are about to be, acted upon favorably.

DR. SHACKLEFORD.

Lexington Papers Have Complimentary Reference to One of Maysville's Well-Known Physicians.

[Lexington Democrat.]

Dr. James Shackelford, of Maysville, is in town visiting his daughter, Miss Elise Shackelford, and Mrs. E. L. March. Dr. Shackelford is one of the most prominent physicians in this State and has spent the greater part of his life in trying to better the sanitary conditions of Kentucky. Back in the 80's he was somewhat of a politician and was elected State Senator from Mason County. It was during his term of office that the present State laws were passed by the Legislature regulating the Boards of Health in each county and he was one of the framers of the bill.

He is at present the President of the Board of Health of Mason County, and is also President of the Mason County Medical Society.

Newton R. Lyddle, who claimed to be a detective, was shot and instantly killed by Russell Lilly, near Bluefield, W. Va. Lilly had been deputized by a magistrate to arrest the alleged detective. The latter resisted.

AIDED BY THE ALLIES

Revolutionists Are Assisted in Their Efforts to Depose Castro.

NO ATTEMPT TO CONCEAL THE FACT.

President of Venezuela Hemmed In and Sorely Beset—Blockade to Be Forced—Damaging to American Commerce.

Willemstadt, Curacao, Jan. 5.—The revolutionists are advancing in three columns on General Castro's army. A desperate fight occurred Saturday night within eight miles of the city of Caracas, resulting favorably to the revolutionists. They are cutting all the telegraph lines, tearing up the railroad tracks and are hourly expected in the immediate neighborhood of the city. A condition of extreme panic prevails among those who have heretofore believed that Castro was invincible.

A committee of the most prominent citizens has gone to President Castro and made representations of how hopelessly untenable is his position. But he insists on holding on until his forces are defeated in a decisive battle. It seems that this cannot be far distant. President Castro is already planning what he shall do when the inevitably comes, but he will make a desperate fight before quitting as he has no chance to escape. The only alternative is imprisonment.

No attempt is now being made by the allies to conceal the fact that they are affording assistance to the revolutionists.

Blockade Injuring Commerce.

Washington, Jan. 5.—The responses of the allied powers to Castro's last proposition to submit Venezuela's case to the arbitration of The Hague tribunal have not been received, but it is believed that the answers will not be much longer delayed, as a continuance of the present state of affairs on the Venezuela coast is not viewed with satisfaction here. The blockade is understood to be working injury to American interests, therefore the desire is strong to see the protocol (which will include a provision for the termination of the blockade) speedily agreed upon.

To Enforce the Blockade.

Berlin, Jan. 5.—Great Britain and Germany came to an understanding four days ago to enforce the blockade of the Venezuelan coast precisely as though the negotiations for arbitration were not going on. It was doubtless in consequence of this understanding that the vessels at Porto Cabello were taken.

Seized More Prizes.

Berlin, Jan. 5.—Commodore Schoederer telegraphs that the Germans on Saturday seized a large number of Venezuelan sailing vessels at Porto Cabello. The prizes were towed to Los Roques, where they remain under guard. Otherwise there have been no developments at Porto Cabello.

May Race in Ireland.

London, Jan. 5.—Representatives of the British Automobile club are inspecting the roads in Ireland with a view for a race for the James Gordon Bennett cup. Parliament may be asked to pass an act which shall suspend the 12 miles an hour limit as regards certain roads during certain hours of a specified day, but this step will not be taken until a sparsely inhabited and otherwise suitable country has been found in which the race could be run with the hearty concurrence of the authorities and the inhabitants. The event is exciting great interest in the automobile world, and challenges have been received from America, France and Germany.

Secretary Broderick Weds.

London, Jan. 5.—Mr. Broderick, the war secretary, and Madeline Stanley, daughter of Lady Jeune, were married at St. George's church, Hanover Square. The scene was brilliant and the church was crowded with fashionable people. Premier Balfour was the best man. The bride, who was given away by her stepfather, Justice Jeune, was supported by seven bridesmaids. There were upwards of 600 present. King Edward gave a massive silver inkstand bearing the royal arms.

Import Rates.

Washington, Jan. 5.—In accordance with a senate resolution passed last session, the interstate commerce commission gave a hearing on the question of import rates. Import Agent Devine and General Traffic Manager Whitaker of the Chesapeake and Ohio railroad testified that their road conformed to the published tariffs without exception.

KENTUCKY'S EXHIBIT.

**Col. Nall Arranging For Fine
 Agricultural and Horti-
 cultural Display.**

Dr. Frazee and Mr. S. H. Mitchell Selected
 to Look After Mason County's
 Interests.

Seven thousand square feet for the agricultural exhibit!

Three thousand square feet for the horticultural exhibit.

This is the amount of space Col. I. B. Nall, Chairman of the Agricultural and Horticultural Exhibit Committee of the Kentucky Exhibit Association, will ask of the Louisiana Purchase Exposition. This will allow Kentucky to make displays of her agricultural and horticultural products several times as large as those at the World's Fair at Chicago, ten years ago.

To make his work as effective as possible, and to give every section the opportunity to join in the exhibits, Col. Nall has appointed sub-committees in all of the 119 counties of the State. Through these he hopes to send to St. Louis the most complete exhibit ever made up in the country.

The committee for this county is composed of Dr. J. M. Frazee, (Chairman), Maysville; and Mr. S. H. Mitchell, Mayslick.

The State Committee on Exhibits of Agricultural and Horticulture, that is the central body, is composed of I. B. Nall, Frankfort, Chairman; M. A. Scovell, Lexington; David Castleman, Pleasant Hill; H. M. Froman, Ghent; J. W. Smith, Glendale; Samuel Ewing, Owensboro; Dr. P. W. Foote, Irvington; M. F. Johnson, Fern Creek; J. B. Walker, Hopkinsville; Clarence Sale, Louisville; G. W. Waddy, Waddy; J. W. Sears, Somerset; Dr. J. W. Kennedy, Union P. O.; Hon. J. J. Johnson, Louisa, and Judge T. T. Gardner, Carlisle.

The entire State was divided into county committees so it would not be possible for anything in the agricultural and horticultural way to be overlooked in the great display Kentucky is to make at the World's Fair. The Chairman of each county committee has been asked to prepare at once a list of the agricultural and horticultural products of his county for the use of the State committee. All of the gentlemen appointed by Col. Nall have been asked to ally themselves with the auxiliaries of the Exhibit Association which are being formed in every county.

A Story Worth Telling

We never tire of telling the story of **Uneeda Biscuit**. We do not believe that lovers of good, wholesome food ever tire reading it.

Uneeda Biscuit are the result of two ideas. That soda crackers could be made better than they had ever been made before. That it was possible to convey them to the home fresh, crisp and clean.

The importance of the soda cracker as an article of daily consumption, made this worthy of extraordinary effort. True, many people laughed at the idea of so much thought—time—labor—capital, being devoted to a soda cracker. But the greatest industries of the greatest country in the world have been developed from smaller things than a soda cracker, and so it seemed worth while to make the best soda cracker that could be made and to place it on the table as good as it had been made.

To do the first required the selection of the best materials, of the best equipment, the highest skill. To do the second upset all traditions. The oldest bakers said there was no way to keep a soda cracker good.

That no one expected it any way. That people were satisfied to eat them stale, as they had been in the habit of doing. And so it fell to the lot of younger minds to do this unheard of thing—to keep a soda cracker good until eaten.

The result was the creation of the In-er-seal Package with red and white seal. An invention that kept out the air, moisture, dust germs, that first retained the natural flavor of the biscuit, keeping it crisp and fresh until it reached the table, and so **Uneeda Biscuit** became a reality. The little thing that seemed hardly worth while became a great thing that seemed hardly possible.

To-day over 300,000,000 packages have been consumed by the thoughtful people of this country and the demand is ever increasing.

That is the story of **Uneeda Biscuit**. Some day we will tell it over again for the benefit of those who are still "satisfied" with the stale and broken crackers that come in a paper bag, when they can get **Uneeda Biscuit**, whole, fresh, and clean.

The Laggards!

So might most merchants call the two months of January and February, but orders at headquarters in this store require that every person that is employed by this firm must push, strive and strain every nerve to make these two months show as large sales as any other month. From the monetary standpoint of our pockets we too might call these two months "The Laggards." But the deck must be cleared and cleared as it was never cleared before, as we sail into a new season on March first. On Monday, Wednesday and Friday of each week we shall place before you through the papers of Maysville sales that are of extraordinary value. We shall give to our customers opportunities such as seldom been their lot to fall heir too. Be on the alert for the riser gets the cream.

D. Hechinger & Co.

It does look as if the people have been waiting for our cut price sale.

Whilst at this season of the year most merchants reconcile themselves to just what happens to come along, we take an aggressive stand and hold out inducements that will make people buy despite the lateness of the winter. The public recognizes the values we give them in our Stein Bloch, Adler Bros. and Garson Meyer Clothing, all of which are now sold at 20 per cent. off from the regular price, and this accounts for the phenomenal business we are now having.

If interested in a Suit or Overcoat for yourself or boy look in every other clothing house in town before you come to us. It will not take you long to find out the cause of our house being constantly crowded with buyers.

BUY CANDIES

For the little ones. Santa Claus' visit would lose much of its importance should the sweetmeats be left off his bill of fare. But don't buy the cheap stuff, whose only title is a pretty name. Pure sugar costs more than is sometimes asked for candies of inferior grade. Our confections are invariably of the first quality. That's most important. The next thing to consider is the cost. Prices here are the lowest possible consistent with pure goods. Nice line of extra fine goods, put up in fancy boxes for remembrances to the older "darlings." Freshly-baked Cakes of our own make, Oranges, Lemons, Bananas, Apples, Figs, Dates and other fruit for the holidays. Nuts of all sorts--strictly fresh stock of the past season's growth--no old goods on hand. Elegant assortment of fancy Sugar Toys and other Candies for Christmas tree decoration. In fact, our place is the recognized storehouse of Christmas good things. If there is anything needed to bring "good cheer" to the yuletide hearthstone, you will find it at TRAXEL'S.

Rochester CLOTHING!

You have read a great deal about what other merchants say of Rochester Clothing. Well, it is all true. They do make good clothing in Rochester, but the merchants fail to tell you that the best clothes made in Rochester are the

with only one agent in a town. There are people who do business with one merchant so long that they really don't know but one kind of merchandise. To that class we would kindly ask you to just give us a chance to show you the H., S. & M. line. You will be agreeably surprised. In fact we will sell you. To those who do wear it we simply say our stock is complete. You know the rest. Our Furnishing Goods is complete. See our window for useful Xmas gifts.
